

Muscatine County Historic Preservation and Muscatine City Historic Preservation Commissions are having a joint informational meeting together and is open to everyone in Muscatine County involved in historic preservation or wants to learn more about what the two commissions are doing. This meeting is available to all organizations and residents of the county. This is an opportunity to learn about what both commissions have accomplished and their future plans. In addition, we need your suggestions for future preservations.

This will be an interactive presentation where you can learn more about both Commissions and their work and ask questions during the presentations. As an example, there will be presentations on the Fairport Fish Hatchery, One Room Schools and old churches and historic districts to name a few that are planned in the next couple of years.
